

**LED LENSER® H5**  
 Night runner with focus on quality

Flexible spiral cable

red rear light

swivelling

focusable

LED	Power LED
Weight	120 g
Luminous flux	25 lm*
Batteries	3 x AAA 1,5 V
Energy tank	5,4 Wh***
Burning life	20 h**
Beam distance	70 m*

Technical Data

The LED LENSER® H5 can do more than just look elegant. Its special optics not only focuses the light to form a super-bright long-distance beam, but also generates a dazzle-free, circular low beam. A soft headband and the fact that the lamp weighs so little make even long-time wearing really comfortable, and thanks to its red backlight, the LED LENSER® H5 is ideal for joggers.

Included in delivery: 3 x AAA batteries, pouch

**Item No. 7495**  
**Blister No. 7869**

\* Luminous flux (lumens) resp. max. beam distance (meters) in the brightest function when switching on with new set of fresh alkaline batteries. Average values, may vary ± 15% depending on type of chip and batteries.  
 \*\* Average hours of burning life as measured in the least energy-consuming mode and until residual luminous flux amounts to 1 lumen.  
 \*\*\* Theoretical value of the capacity in Watt hours (Wh). This applies to the fully charged single use or rechargeable battery/batteries provided with the item in question.
